

I was very upset to find that K-LOVE may have to go off the air due to a proposition to expand LPFM service. K-LOVE has served myself and my family for the past few years, and we have loved every minute of it. We enjoy the worship music, the prayers, daily devotions, etc., and I can't imagine turning on the radio to any other station.

We have agreed with many friends that K-LOVE is our favorite Christian radio station in Denver. There are 2 other Christian stations in the Denver area, but neither offer the same type of music and uplifting deays as well as the other services they offer to our community.

I believe K-LOVE is essential to the spiritual well-being of our city and other parts of the nation, and I would be distraught to find it missing in my life. Please reconsider this expansion of LPFM service-there are many people out there that would really miss K-LOVE!
